Dear Mr. Braxton:

Enclosed are eight copies of the new maps for Valley Camp of Utah, Inc. The maps show the sediment ponds and main haul road as built. Each map has been certified as to the location and configuration (size, shape, and slopes) of the sediment ponds and road.

We are continuing to work on the maps for use in the permit. If there are any suggestions or requirements as to how we can improve the maps, please let us know.

These maps and certifications are submitted as required by Federal NOV 88-2-116-2.

Thank you for your help.

Very truly yours,

Barry Barnum
