Dear ~~Mr. Feight~~ Jack:

Congratulations to the Division for its successful efforts resulting in approval of the State of Utah's permanent program to regulate coal mining within the state. We at Coastal intend to continue to work with the Division personnel to achieve the goals of the new program.

Our SUFCo mine plan addendum filed in November, 1980, was intended to meet the requirements of both the federal permanent program and the forthcoming state regulations under the new state program. We request that this addendum now be processed under the new state program.

Very truly yours,

Vernal J. Mortensen
