RE: Southern Utah Fuel Company's Waste Rock Disposal for the Convulsion Canyon Mine, Sevier County (UT880415-040)

In Reply Please Refer to Case No. L110

Dear Dr. Nielson:

The staff of the Utah State Historic Preservation Office sent you a letter on June 3, 1988, regarding the above project. Following a call by Susan Linner of your staff, it was found that we had a previous case file (J965) on the Convulsion Canyon Mine Waste Rock Disposal. We found that, in our previous correspondence regarding this case, our office had concurred that there were no known cultural resources eligible for the National Register of Historic Places within the project area. It was our understanding at that time, and continues to be our understanding, that the 106 process has been completed, since the lead agency and our office are in concurrence that there are no known cultural resources that will be affected by the project. We apologize for any inconvenience this may have caused your office.

The above is provided on request as outlined by 36 CFR 800 or Utah Code, Title 63-18-37. If you have questions or need additional assistance, please contact Diana Christensen at (801) 533-7039, or 533-6017.

Sincerely,

A. Kent Powell
Deputy State Historic
Preservation Officer
