Dear Mr. Barnum:

Re: MRP Resubmittal, Valley Camp Coal Company, Belina Complex,  
ACT/007/001, Folder #2, Carbon County, Utah

The Division has received your letter of November 1, 1988, requesting an extension of time for submittal of the reorganized Mining and Reclamation Plan (MRP) for the Belina Complex. Rule UMC 771.21(b) requires that application for permit renewal be made 120 days before the expiration of a permit. The Mid-Term Permit Stipulation reflects that requirement.

Therefore, by law, the complete reorganized MRP is required by April 24, 1988. However, it is strongly suggested that the plan be submitted as soon as possible, due to the extent of the changes that are being made and the corresponding amount of time which will be required for review. It is likely that the review will take a minimum of six months allowing for response time to identified deficiencies.

Feel free to contact me or Rick Summers if we can provide any assistance.

Sincerely,

Susan C. Linner
