Re: Cessation of Operations - Temporary

Dear Ms. Nielson:

This letter is to update the operational status at Valley Camp of Utah, Inc.

While the mine is still idle, negotiations for new contracts are ongoing. The acres permitted (3,136), acres disturbed (79), the horizontal extent of Belina Mines is 540 acres and the vertical extent is 0' to 1,050'.

The surface and underground facilities are being maintained.

The environmental monitoring is continuing.

No backfilling, regrading or revegetation is being done.

If you have any questions, please call me or Mr. Ed Foust.

Sincerely,

Steven K. Tanner
