Inspection Memo
to Coal File:

RE: Blackhawk Mine
Utah Coal & Energy, Inc.
Summit County, Utah
ACT/043/001

The above-mentioned mine operation was given a partial inspection on December 8, 1980. Joe Helfrich, Tom Portle and Sandy Pruitt of the Division and Gary Fritz of OSM met with Pat Cafarelli at the minesite.

Mr. Cafarelli was doing maintenance work on the generator that day. There was no evidence of any new activity on the minesite.

Mr. Cafarelli informed us that the coal exploration contract with Santa Fe Mining, Inc., has terminated with little results.

Emergency stabilization plans for the gravel slopes above portals #1 and #2 were submitted December 3, 1980. The plans are presently under review.
