Dear :

Re: Determination of Completeness, Summit Coal Company, Boyer Mine, PRO/043/008, Folder No. 2 and 6, Summit County, Utah

The Utah Division of Oil, Gas and Mining (Division) has completed a review of the Mining and Reclamation Plan (MRP) for the Boyer Mine. The Division has determined the plan to be apparently complete. In compliance with Section UMC 786.11(b) and (c) of the Utah Coal Mining Reclamation Act (UMC, Section 40-10-1 et seq), notice is hereby given to all appropriate agencies having a jurisdiction over or an interest in the area of the operations that a complete plan is available for public review.

Summit Coal Company is proposing to conduct mining and reclamation operations within a permit boundary encompassing 129 acres of privately owned surface and minerals approximately 11 miles east of Coalville, Utah on Chalk Creek Road. The permit area is located on the Upton, Utah U. S. Geological Survey 7.5 minute quadrangle map. Approximately six acres of surface disturbance will occur in conjunction with the proposed operation.

The following areas will comprise the five-year permit area if the MRP is approved:

Township 3 North, Range 6 East, SLBM

Section 25: S 1/2 S 1/2

Section 36: that portion north of Chalk Creek Road, and a strip of land between the road and south of Chalk Creek running about 800 feet west from the east side of Section 36 (within N1/2 NE 1/4 Section 36).

The Division of Oil, Gas and Mining will now prepare a Technical Analysis (TA) to determine whether the plan meets all the criteria of the Permanent Program Performance Standards according to the requirements of UCA, Section 40-10-1 et seq.

Upon completion of the TA for said plan, a decision will be made as to approval or disapproval of the permit application. No decision will be taken by the Director for a minimum period of 30 days after submission of this Notice of Availability to the appropriate agencies. This plan is available for public review at: Division of Oil, Gas and Mining, 355 West North Temple, 3 Triad Center, Suite 350, Salt Lake City, Utah 84180-1203.

Comments on the MRP may be addressed to the Director of this Office:

Dr. Dianne Nielson, Director
Division of Oil, Gas and Mining
