Dear Mr. Jones:

This letter is to inform you that the pending Exploration Notice (Notice), for your proposed mining activity located in T. 11 N., R. 18 & 19 W., SLB&M, Box Elder County, Utah and serialized UTU-089536, has expired and is being closed at this time.

The Bureau of Land Management (BLM), Salt Lake Field Office (SLFO), received a copy of your Plan of Operations (POO) to conduct mineral exploration in Mount Diablo Meridian within Elko County, Nevada, by way of an access road through Utah on February 8, 2013, from the BLM Wells Field Office. A letter sent to you from the BLM Elko District Office on February 12, 2013, instructed you to contact the SLFO to coordinate the Utah portion of your POO with Geologist, Larry Garahana of my staff. To this date we have not received a response to that letter and since that time, Larry has inspected the area three times and determined that no activity (mining or other) has taken place and the route leading in to the site remains the same.

Therefore, upon receipt of this letter, the pending Notice, UTU-089536, is closed in our records. If you wish to conduct mining related activities at this or any other site on BLM lands in the SLFO, the proper paperwork needs to be submitted, accepted or approved along with an appropriate reclamation bond prior to any earth disturbing activity.

If you have any questions or concerns with anything discussed in this letter please contact Larry Garahana, Salt Lake Field Office Geologist at (801) 977-4371.

Sincerely,

Kevin E. Oliver
West Desert District Manager
