RETURN RECEIPT REQUESTED

Mr. Thane Henry, Road Superintendent :
Millard County : 43 CFR 3600 – Mineral Materials
P.O. Box 187 :
Delta, Utah 84624 :

Mineral Materials Free Use Permit UTU-72833_01 Renewal

The Free Use Permit (FUP) for Mineral Materials at the Red Rock Knoll site, assigned Bureau of Land Management (BLM) case file number UTU-72833_01, expired on September 21, 2010. This site has not seen recent use. You requested a reactivation of this Millard County FUP in a meeting at Fillmore Field Office (FFO) on May 14, 2013. The Red Rock Knoll FUP is located in aliquot parts of Section 24, Township 24 South, Range 11 West, Salt Lake Meridian.

We recognized you were unaware that the permit had expired. To expedite the renewal of your FUP, the BLM will continue to apply the National Environmental Policy Act (NEPA) analysis from the Environmental Assessment (EA) dated August 22, 2000 for this site; J-010-000-072 EA. A new Programmatic EA will be prepared for all Millard County FUPs in 2013.

Under Code of Federal Regulations (CFR) in 43 CFR § 3604.12, the BLM may issue Free Use Permits to government and non-profit entities, provided the mineral materials are not used to gain profit from industrial or commercial purposes. Specified under 43 CFR § 3604.21(a)(1), the BLM issues FUPs for mineral materials to government entities for periods of no more than ten (10) years. Specified under 43 CFR § 3604.22(a), you must not barter or sell mineral materials that you obtain from a FUP.

As part of the Free Use Permit agreement, you must submit annual production reports for mineral materials extraction under the permit. Annual production reports are required even if no production is made. Please submit an annual production report to the BLM Fillmore Field

Office. It may be most convenient to submit the report near the end of the Federal fiscal year, September 30th.

Please complete the enclosed contract document and return it to:

Mike Gates
Bureau of Land Management
Fillmore Field Office
95 East 500 North
Fillmore, UT 84631

Please specify an estimated quantity of mineral materials for extraction in the contract.

Fillmore Field Office (FFO) will then notify you when your Free Use Permit has been authorized. Your new FUP authorization will expire ten (10) years from the last expiration date. The renewed permit will expire on September 21, 2020.

If you have any questions contact Duane Bays at (435) 743-3115, or Jerry Mansfield at (435) 743-3125.

Sincerely,

Michael D. Gates
Field Manager
