Mr. Muñoz:

Fillmore Field Office (FFO) of the Bureau of Land Management (BLM) received your request for a refund of your cost recovery balance on August 12, 2014. As required by the Code of Federal Regulations (CFR) in 43 CFR §3602.11(c), 43 CFR §3602.31(b), you submitted a processing fee of $4,900.00 to prepare a potential exclusive sale of mineral materials, volcanic cinders, from a proposed site two miles west of Pahvant Butte, Millard County, Utah. Your proposed mineral materials sale was previously assigned BLM case file number UTU-89052. Please refer to this number for any future communication concerning the sale.

As you know, your proposed purchase of volcanic cinders could not proceed because mining claims for locatable minerals encumbered the site, and the claimants were not willing to sign a waiver form to allow the extraction of the mineral materials. As stated previously, if the processing cost is less than estimated, the BLM will refund any unused funds. Of the submitted processing fee funds, $4678.90 remains unspent as of July 24, 2014 and eligible for refund to you.

Your refund request has been submitted and will now follow a three-step internal process. A refund request form must be completed by BLM staff through the BLM's Collections and Billing System (CBS), information about the case must be provided, and other supporting documentation must be incorporated into the BLM's internal refund request process. The final step is a possible refund from the National Operations Center (NOC) in Denver, Colorado, which must review and approve your refund request.

If you have any questions or concerns, please contact Duane Bays, BLM Fillmore Field Office Natural Resource Specialist, at (435) 743-3115.

Sincerely,

Michael D. Gates
Field Manager
