Dear Sir:

In answer to your letter, I wish to inform you that we Have only shipped 30 tons of ore and it wasn't worth anything and Having Run out of money Have Ceased mining operations. I don't believe we Have Disturbed over 2 acres, as we went in on the old Existing Road, built by Harold Ekker & to the old Mountain Cut & made the Road better & some new Switch Back for trucks & went Down & in on the old mountain cut. I have photos of the old mine & mountain cut before we started & if you wish I would be Happy to get together with Brian Buck at His Convenience & go over this Please Drop me a line on when I can get together with Him and I will show Him or you all the maps & photos I have. I did not know I was to fill out any papers, one of your people was Down & talked to me a couple of months ago & said something about new laws and I told him at that time to Please send me any information I may need this is the 1st I have heard about this.

Very truly yours
