Dear Mr. Gramlich,

A field inspection of your mining notice (U68-N82-22) for the Rio Jug mining claim, revealed unsatisfactory reclamation work. Per your telephone conversation with Terry McParland, a joint field visit has been arranged for Tuesday October 20, 1987 to discuss what needs to be done to satisfy your reclamation responsibility associated with this mining notice.

We appreciate your cooperation.

Sincerely yours,

/s/ COLIN P. CHRISTENSEN
