Dear Mr. Sanchez:

The soil sample information sheet, a copy of which is enclosed, is all that we received with your letter regarding the soil analysis done by the Soil Testing Laboratory at Colorado State University. As you can see there is no information on it as to what the results were. Perhaps there was another sheet containing this information. Which you could send to us, or you could have the Laboratory forward the results if you wish.

Thank you for your cooperation.

Sincerely,
