CHANGE IN FILE STATUS
APPROVAL FORM

CURRENT FILE NO. DOE/047/011

RECOMMENDED FILE NO. CLOSED

COMPANY AND MINE NAME Enercor/Solv-Ex, Sample Pit

REASON FOR CHANGE IN FILE STATUS

In the fall of 1984 Enercor took a 100 ton tar sands sample from a drainage just south of Geokinetics. The pit and overburden pile cover less than two acres and the pit is fenced. Enercor did make a comittment to reclaim to the BLM. I have informed the BLM of the matter, but it does not appear that they will pursue the case vigorously.

I do not believe that Enercor still exists as a company. Some of the people that were involved in the project now work for Native Asphalt Company.
