Dear Mr. Tanner:

Enclosed are updated Water Quality Data Tabulations for VALCAM loadout facility and Belina Mine. All stations were monitored during June with the exception of spring S7-11. Access to the spring was prohibited by snow cover over the road.

We plan on completing the July monitoring during the fourth week of July. As in the past; we are forwarding a copy of the updated data to Darren Haddock at Utah State Division of Oil, Gas, and Mining.

Sincerely,

Jerry V. Hansen
