TO Lyn Kunzler UDOGM
Grace Jensen UBLM

From Bruce Mitchell

To whom this may concern;

after examination by our Geologist and an extensive test dig by myself it is the determination that Sawtooth Stone is no longer interested in Pit #1 site of the Bill Bowns Green Kettle Quarry site in Rose Bud "Park Valley" operations. however we are currently looking at the Pit #2 site and other areas of interest in the school trust lands area - the reason for non intrest is there is no available stone of marketable Quality or Quantity.

We really appreciate your Help

Sawtooth Stone L.L.C.
