Re: Sahara Mine Suspension
ACT/015/026
Emery County, Utah

Dear Mr. Tetting:

Pursuant to your letter of April 20, 1983 requesting additional information on the Sahara Mine, I have the following clarifications:

1. All of the water sample analysis sent to you in my letter of March 30, 1983 were from water discharged directly from the mine.

2. All water pumped from the mine is discharged directly to the holding ponds.

These additional points of clarification will hopefully provide you with the information necessary to grant an extension to the Sahara Mine suspension.

Very truly yours,

Harold R. Roberts
