CHANGE IN FILE STATUS
APPROVAL FORM

DATE January 2, 1987

CURRENT FILE NO. PRO/015/028, PRO/015/029

RECOMMENDED FILE NO. INA/015/028, INA/015/029

COMPANY AND MINE NAME Mud Dob Mining, Atomic Mud and Rocky Mine

REASON FOR CHANGE IN FILE STATUS

Mud Dob Mining submitted two proposals to surface mine uranium east of Castle Dale in 1979. The operator states that only assessment work was performed. Some bulk sampling took place with a dozer, but it appears that the disturbance was considerably less than two acres in each case.
