## CERTIFIED RETURN RECEIPT REQUESTED

Mr. Robert Hagen, Director  
Albuquerque Field Office  
of Surface Mining  
Reclamation and Enforcement  
Suite 310, Silver Square

Dear Mr. Hagen:

Re: TDN X90-02-107-9, Valley Camp of Utah, Belina Complex,  
ACT/007/001, Folder #5, Carbon County, Utah

This letter responds to the above referenced Ten-Day Notice, the certified copy of which was received at the Division's offices July 2, 1990.

Number 1 of 1 was issued for failure to conduct coal mining and reclamation operations only on those lands which are specifically designated as the permit area.....The truck approach SAE at the ValCam Loadout. (R614-300-141)

Response: The area in question has been reviewed in detail by Mr. Rick Summers of the divisions technical staff. Please refer to the attached memo which addresses the TDN concerns and details the Divisions handling of this area. Inasmuch as this area has been adequately addressed by the Division's permitting process it is felt that the TDN was unwarranted and should be withdrawn.

Sincerely,

Lowell P. Braxton  
Associate Director
