Re: Additional Permit Fee Due and Permit Review Status, Blue Castle Mine, M/015/077, Emery County, Utah

Dear Mr. Sheppard:

On December 8, 1999, we received GoldTerra's large mining plan proposing to expand the Blue Castle Mine from a small mine to a large mine. A large mining operation with greater than 50 acres of surface disturbance is required to pay an annual permit fee of $750.00. Since we have received a $100.00 small mine permit fee for this fiscal year, GoldTerra will only need to provide the Division with an additional $650.00 for the large mine permit fee. A billing statement is enclosed for your use.

Please provide this permit fee to the Division within the next 30 days to avoid delays in your permit review. Please reference our file number M/015/077 on the fee payment. An annual fee of $750.00 will be due for the next fiscal year on the last Friday of July, 2000. You will receive another billing notice at that time.

Due to a backlog of other permit reviews, the Division may not be able to complete a review of this large mine notice within the usual 30-day timeframe. However, we hope to be able to complete our review of your application within the next 45-60 days. We appreciate your patience and understanding in this regard. Please contact me if you have questions or concerns with this proposed review schedule.

Sincerely,

Anthony Gallegos
Senior Reclamation Specialist
