VALLEY CAMP OF UTAH, INC.
SCOFIELD ROUTE
HELPER, UTAH 84526

02/001 #2

October 3, 1991

Mr. Randall Harden
355 West North Temple
3 Triad Center, Suite 350
Salt Lake City, Utah 84180-1203

Dear Mr. Harden:

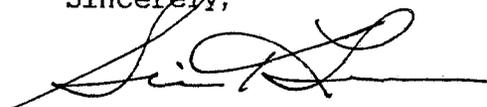

Re: Notification Of Placement Of Temporary Cap and Powder
Magazines At The Belina Mine Site, ACT/007/001, Carbon County,
Utah

This letter is to inform the Division of the fact Valley Camp has contracted Landmark Mining Services Inc., 5902 McIntyre Golden, Colorado 80403-7430 for work in the Belina mines which includes rock excavation thru the igneous dike in conjunction with two vertical interburden shafts. The project will be directed by Mr. Glen Sykes.

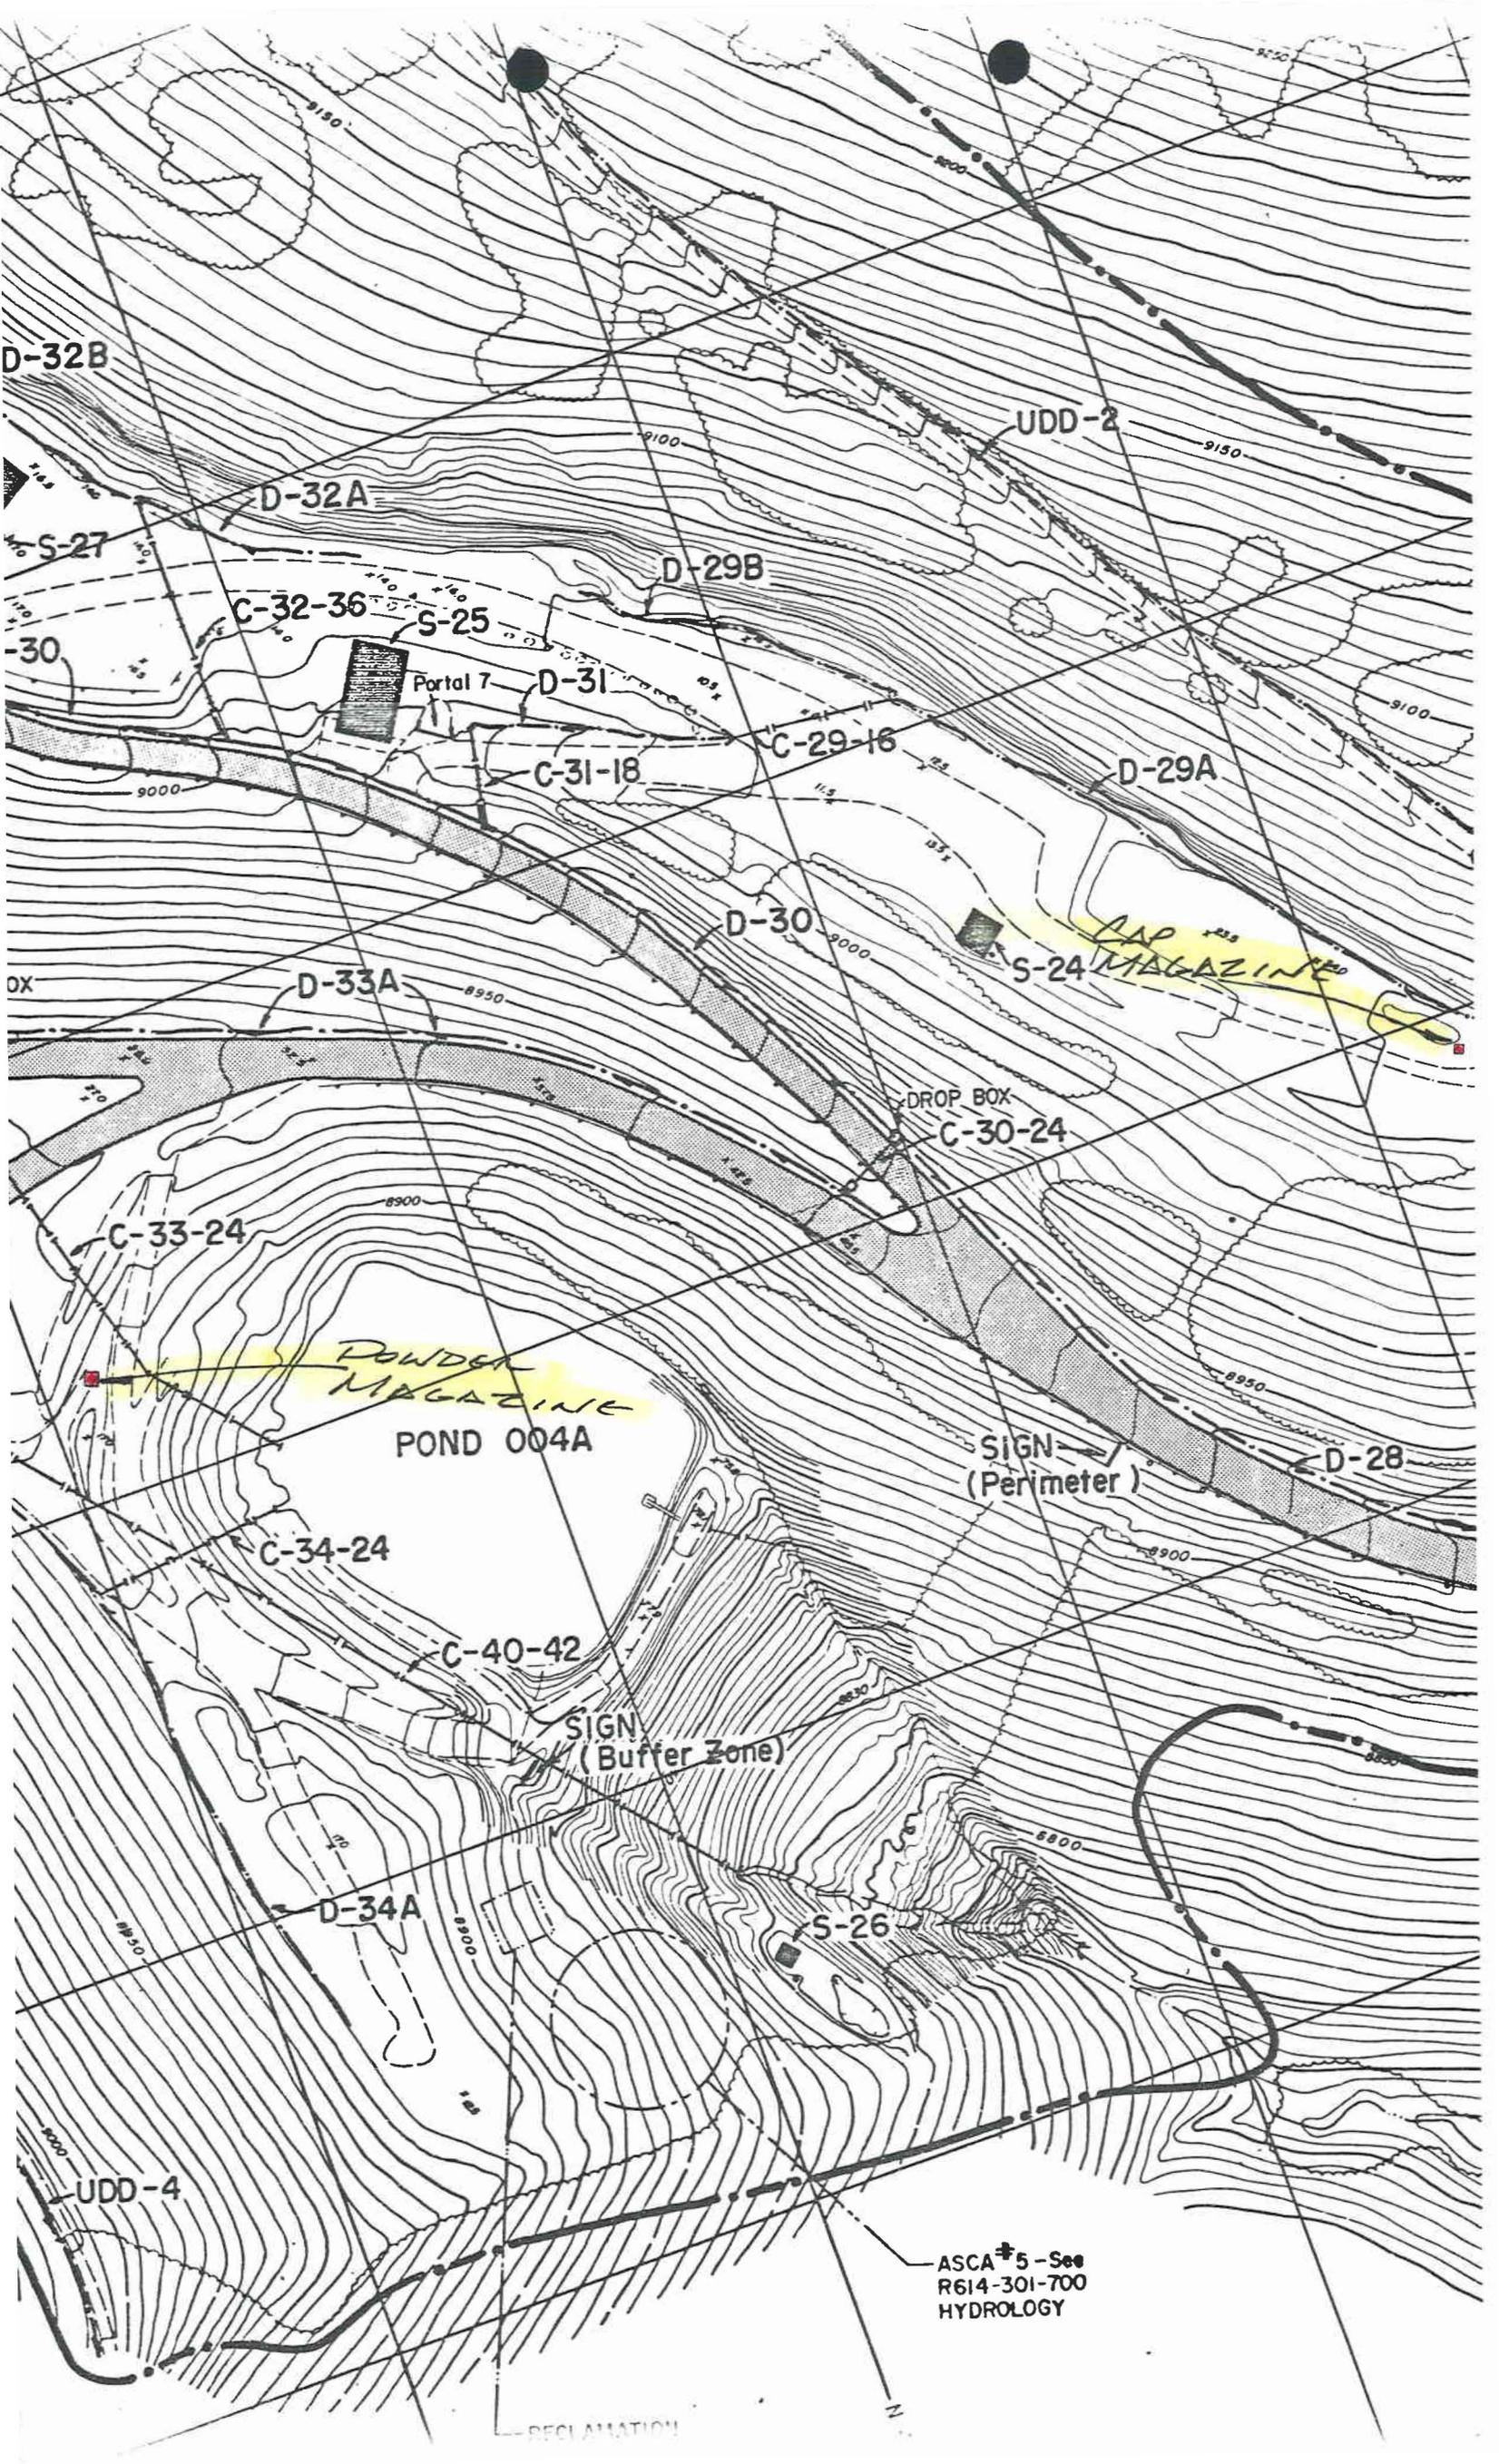

This project will require approximately 3 months to accomplish, during that time there will be two temporary explosive magazines (one cap and one powder) at the Belina Mine Site. Location of these magazines are shown on the attached sketch. Should it become necessary to move these magazines the Division will so notified. These magazines are constructed in accordance with MSHA standards and have the required signs around them.

Thanks for your time and consideration on this matter. If you have any questions, please feel free to call.

Sincerely,

Steven K. Tanner
