Dear Ron,

I am in need of a favor, I hope you will grant. If you could send me a few copies of House Bill 323 (mined land reclamation act) passed by the 1975 General Session, I would appreciate it very much. The copy I have is so bad, it won't reproduce.

We are having a public meeting for the independent uranium miner's from the Green River, Moab, Hanksville area. This meeting will be held at the Green River Legion Hall, Feb. 26th at 7:30 P.M. We would be most happy to have you or any of your associates in attendance.

The State Representative from this area Mr. John Garr will be there to listen to some of the problems presented by this bill.

Some of the provisions are totally unacceptable & we are attempting to influence some changes. I believe the meeting would be very enlightening for any of your Division.

Hope to hear from you in the affirmative.

Respectfully
