RE: Information on NOV N91-38-2-2, Valley Camp Coal Company, Belina Mine Complex, ACT/007/001, Folder #2, Carbon County, Utah

It is my understanding that Valley Camp Coal Company has submitted an appeal of the fact of violation N91-38-2-2 based on having had a storm event which exceeded the design for the Belina site. The enclosed memo and inspection report should help you in assessing the validity of Valley Camp's argument and the circumstances surrounding the fact of the violation. It appears that Rick's review substantiates the fact that a storm event did occur which exceeded the design requirements.
