Dear Mr. *Wright* Wright:

Re: Five-Year Permit Renewal, Valley Camp of Utah, Inc., Belina Complex, ACT/007/001, Folder #3, Carbon County, Utah

In our meeting of October 18, 1989, we agreed to issue a short-term permit for the Belina Complex, conditioned upon the schedule for submission of information necessary to address deficiencies. On October 24, representatives of my staff and of your staff and contractors met and discussed deficiencies in the currently resubmitted Mining and Reclamation Plan and a schedule for submittal of the additional information required.

The agreed upon schedule has been incorporated into the permit as Attachment A (enclosed). Under that schedule, the short term permit will expire on May 24, 1989. On or before that date, if the schedule for submittal is met and the information submitted is adequate, the Division will issue a new permit with an expiration date of August 24, 1994. In order to avoid enforcement action, it is essential that these mutually-established deadlines be met and that there be regular communication between your representatives and Division personnel. If you have any concerns with these submittal dates please contact Lowell Braxton or Susan Linner as soon as possible.
