RE: Subsidence Mapping.

Dear Randy:

As Discussed with you last week we have revised the subsidence mapping for Valley Camp and are submitting to you a copy of both Maps 728.100a and 728.100b to you for your files. Steve Tanner will be submitting to you directly the mine workings map which you requested.

Should you have any questions, please call.

Sincerely,

David E. Hansen, Ph.D., P.E.

Principal

cc: Steve Tanner - Valley Camp of Utah, Inc.
