Re. Cessation Order # MC-2005-02-07(1) By Doug Jensen

Dear Sir:

This letter is a formal request to schedule + conduct an on-site Stop Work Conference on Friday, Nov 18, 2005 at 10:00 am at the Iron Mines site with a representative from your department for the purpose of establishing that our operation is a reclamation effort, + to review other matters pertaining. This is west of Cedar City, UT.

Also, we need at least two more weeks time extension for the abatement deadline, now for Nov 18th, (extended at least two weeks) to Dec 9th if possible - to finish a permit, if required, + post a bond.

Thank You for your help + the helpful intent of Daron Haddock.
