Re: Release of Surety Bond, Martin Marietta Corporation, Leamington Quarry, M/023/004, Juab County, Utah

Attention: Lynn Findley, Ted Fitzgerald:

In response to your phone request of May 5, 1995, we are writing to verify that reclamation surety bond # issued by **General Insurance Company of America** in the amount of **$386,000** for Martin Marietta Corporation's Leamington Quarry was replaced by bond #. posted by Southwestern Cement Enterprises Inc. dated June 9, 1987.

This issue was presented to our Board in December of 1987 for their approval. For some unknown reason, the Division did not formally notify the U.S. Forest Service that the Martin Marietta bond could be released. In addition, no further correspondence regarding release of this bond was received from the U.S. Forest Service or Martin Marietta until this year. Unfortunately this matter has gone unrecognized until your May 5, 1995 phone request. The Division now formally releases the Martin Marietta Corporation bond which can be returned to General Insurance Company of America at your earliest convenience. We apologize for the inconvenience this oversight may have caused Martin Marietta Corporation.

Very truly yours,

James W. Carter
Director
