Wayne,

I completed all the necessary revisions with updated surety estimate and submitted to our owners last week. They want North American Exploration to review since they did the original plan but I have been unable to reach the right person there, possibly because of the holidays.

Sorry to ask but can we get another extension, until the end of January or so?

Regards,

Eric Nedreberg

Eric,

we can grant you an extension until January 31, 2014.

I release that you are new to the job. If you would like me to come out for a few hours and spend time going over the permit and rules I would be glad to do so.

Wayne
