Dear Ms. Griffin:

Re: Updated Permit Application Package, Valley Camp of Utah, Belina Mine,  
ACT/007/001, Folder #2, Carbon County, Utah

As per our phone conversation, please find enclosed a copy of Valley Camp of Utah's updated Permit Application Package. I have been somewhat reluctant to send it to you since this package is considered draft at this point and further modification and refinement is sure to occur. Normally amendments to mine plans are approved prior to sending them out.

The Division has been working closely with Valley Camp to insure that deficiencies are corrected prior to requiring them to go to the expense of making copies to send to other agencies. As we discussed Valley Camp is currently preparing a response to our deficiency review, which should be submitted by February 1993. Given an appropriate response, copies of the updated plan will be made and distributed at that time.

Please call if you have any questions.

Sincerely,

A handwritten signature in black ink that reads "Daron R. Haddock".
