Subject: End of Project, Edwin P. Lister, Bullseye #1 Mine, S/023/0031, Juab County, Utah

Dear Mr. Lister:

On October 2, 2014, the Division of Oil, Gas and Mining was notified by the Bureau of Land Management that the mineral sale contract at the Bullseye project will expire on October 14, 2014. The Notice of Intention to Commence Small Mining Operations (Notice) remains in effect for the life of the small mining operation (rule R647-3-102), but the Division considers the life of the mine to have ended when the operator no longer has a right to conduct mining operations.

The Division requires one of the following actions be completed by January 30, 2015:

1. Obtain a new mineral sales contract and provide a copy to the Division.

OR

2. Complete reclamation, including grading, soil replacement, and seeding.

Please contact Wayne Western at 801-538-5263 or me at 801-538-5261 if you have questions about these requirements. Thank you for your cooperation.

Sincerely,

Paul Baker
Minerals Program Manager
