RECEIVED
JUL 29 1998
DIV. OF OIL, GAS & MINING

0003

Please find enclosed a check for the amount of $350.00 for our block of mining claims in Erickson Mining District, the Blue Beauties.

DOGM called 8-3-98

this is located in T 10 S R 6 W

Since we are already bonded with the BLM / Forest Service, we feel this is an unfair and unjust "TAX" on our owners. The mis-representation by the so-called "Minerals Regulatory Program" that this was a law as of June 26, 1998, is tiresome, and typical of the State of Utah in successfully attempting to collect more fees and monies by bullying and mis-leading tax-payers with constitutional rights.

We have no notice for the Blue Beauty.

I am fully aware that no Law was passed prior to 29 July, 1998, even if then.

I am protesting this amount because the letter dated June 26, 1998 is unclear as to what is "lesser than, or greater than, 50 acres. (Again, I refer to the Minerals Regulatory Program)

I also request a full update and information on this collection of fees authorized by the State Legislature; send to above address.

Patricia E. Holden
