RE: Valley Camp of Utah, Inc. Water Monitoring Program.

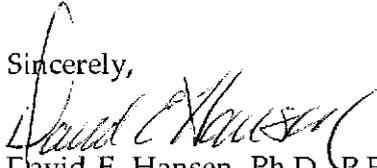

Dear Sharon:

Attached are updated summaries of water quality data collected for Valley Camp of Utah, Inc. through May 26, 1993.

Water monitoring stations for which data was collected include VC-1, VC-2, VC-4, VC-5, VC-10, VC-11, VC-12, S25-13 and S36-17. Data for stations S7-11, S24-12, S31-13, S36-7, S36-19 and S36-23 were not collected due to continued inaccessibility from the large snowfalls received last winter. These stations will be monitored as soon as accessible as per the scheduled monitoring program.

Please call should you have any questions.

Sincerely,

David E. Hansen, Ph.D., P.E.
