Attn. Doug Jensen

This letter is a request for extension of cessation order No. MC-2005-02-04(1) until a planned meeting between yourself and Mr Loy Corupo. At present I am dependent on Mr Corupo to do reclamation on the Tetla Septarian Mine.

Upon completion of that meeting and the results of that meeting, I will submit plans for the resolution of the reclamation problem and future mining, if any.

Thank you for your consideration of this request

Best regards

Robert Harris
