Clay,

As discussed in the informal conference at 10 am this morning, the Division will hold the $1100 fine in abeyance until May 27, 2016 in anticipation of you applying that amount to the outstanding bond.
If you remit $1100 to the Division for the bond on A New Dig Mine - S/027/0070 by the end of business on Friday, May 27, 2016 this fine will be waived.

If no bond payment is made by the end of business on May 27, 2016, this fine will be reinstated and further penalties may apply.

Peter will continue to work with you on outstanding bonding and other reclamation requirements.

Thank you for your cooperation.

Dana
