Obligation Under Bond Reduced

Effective July 14, 2003, the Bureau of Land Management (BLM) Utah State Office accepted a bond from David L. Penney, as Principal, in the amount of $50,000. The bond was assigned BLM bond number UTB000050 and was accepted for nationwide coverage of operations conducted under the Federal regulations at 43 CFR 3809.

On September 9, 2009, the Fillmore Field Office determined that reclamation of the site has been completed and the fire rehabilitation on the Milford Flat Fire has adequately re-vegetated the site, and recommends the release of the bond held to cover operations under Notice UTU-75877. The State of Utah Division of Oil, Gas and Mining approved the release of the bond by letter dated April 21, 2010. Therefore, the $2,600 obligated to cover operations under UTU-75877 is released.

A total of $44,513 is obligated to cover 3809 notices in Utah ($39,300) and Nevada ($5,213). A total of $5,487 remains available to apply to additional 3809 operations nationwide.
