ACT: 043-002

Dear Mr. Cahoon:

On October 28, 1976, Mr. Ron Daniels and myself visited your Henefer Clay Pits in Summit County. This visit and our knowledge of your operations in Piute County suggest that the work of both your firm and this office to bring all of Interstate Brick's mines under the Mined Land Reclamation Act will be quite substantial.

On April 13, 1976, we sent you twenty (20) copies of the necessary forms to file the required information to this Division. In order to eliminate a back log of work and the delays associated with that situation, we are encouraging operators to file well before the July 1, 1977 deadline. To emphasize this we are postponing posting of surety for those operators that file early. We hope to be hearing from you in this regard soon.

If we can be of any assistance, please feel free to call myself or Mr. Ron Daniels our Mined Land Coordinator.

Sincerely yours,

DIVISION OF OIL, GAS, AND MINING
