Re: Final Approval
Kennecott Copper Corp.
Bingham Canyon Mine
Mining & Reclamation Plan

ACT-035-002

Dear Mr. Smith:

The abbreviated version of the mining and reclamation plan for the Bingham Canyon Mine and associated facilities has been published in accordance with the Act. During the thirty (30) day period subsequent to publishing no objections of substance were received by the Division.

Therefore, final approval is given to continue mining and associated activities pending the acceptance of the form and amount of surety for reclamation by the Board of Oil, Gas, and Mining.

We have held several discussions with Mr. Chuck Stillman on the surety form and amount and are now awaiting the final proposal in this regard.

Very Truly Yours,

Ronald W. Daniels
Coordinator of Mined
Land Development
