4/15	W Reynolds	486-2000	S.L. County Development Services Division	Tried to contact county to verify conditional use permit issue + any conditions to "Perpetual Storage Inc" vault. *(no answer)	
4/15		328-0141	Charles Peterson	(Architect Office) did design work for proposed vault. will be a New building near portal. existing dump 0.48 Acre expansion to dump = 0.43 acre early. Late 68-69 existing vault was constructed. Is an existing road into tunnel area that will be upgraded and blacktopped. ¼ mi or more? Several conditions from county. Dump is at angle of repose (37°). County wants revegetated to some extent. *He did not check with our agency regarding permits.	10

4/15 (7) Dean Willden (942-1950) "Perpetual Storage" 2nd vault being proposed @ 150 ft down can you from 1st vault. Size @ 40' high x 50' wide x 250' deep solid granite. Dump will expand @ 25' x 25' x 50' Records for banks + other government agencies to be stored here. Charles Peterson (328-0141) architect *Conditional use permit granted by county yesterday.

4/15 (5) Clay Parr (Kimball, Parr, Waddoups) 532-7840 called him regarding Act language which he drafted on underground storage/development. He agreed that we probably should require a permit on the storage vault proposal.

4/16

Tony,

Please have Joelle send copy of regs and SMO application form to Mr. Willden. May want to highlight section of rules (definition section) + statutory section (definition) that applies to him. I have not called Mr. Willden again since I spoke with his architect (Charles Peterson). Probably need to draft a cover letter or call him + explain our position. Can you follow up for me please? Thx Wayne
