RE: Summo USA Corporation, Lisbon Valley Project

Mr. Gallegos:

Pursuant to my earlier commitment to provide you with additional information, please find attached, two copies of a map documenting preexisting disturbances at the site. As I stated to you over the phone, it was necessary to generate a separate map because the information required/requested, cluttered the overall facilities maps.

I will continue to pull together the remaining maps, figures and information that I committed to in my letter to you on November 1, 1996. If you have additional questions or needs, please contact me at the listed letterhead number.

Sincerely,

Lee "Pat" Gochnour
Principal
