RE: White Oak Mine Complex, Permit No. ACT/007/001; Abatement of
 Division Order #94A; Reclamation Bond Reduction

Dear Lowell:

On behalf of White Oak Mining & Construction Co., Inc. ("White Oak"), and consistent with our agreement dated September 1, 1994, we submit the enclosed bond calculations and revised White Oak Mining & Reclamation Plan ("MRP"). This submission abates Division Order #94A ("Division Order").

The revised reclamation bond estimate was developed by JBR Consultants Group, Inc. ("JBR"). On behalf of White Oak, JBR has worked closely with Wayne Western and Daron Haddock to develop calculations in accordance with Division regulations and policy. Consistent with the Division Order, this revised cost estimate is submitted as a permit change for Division review. We have enclosed an application for permit change and have attached three complete copies of the proposed permit change as it would be incorporated into the MRP.

Please note that the proposed reclamation bond calculations have been calculated in 1995 dollars. Upon approval of the revised reclamation bond estimate, White Oak will escalate the bond calculations by an inflation factor to reflect 1999 dollars.
