RE: Submittal of Modified PAP Section 100 to reflect Ownership Change.
Mining Permit No. ACT/007/001.

Dear Daron:

Included within this submittal are 3 copies of the White Oak Mining & Construction Co. PAP Addendum 1994-1 (Section 100) which is submitted to reflect the change in ownership from Valley Camp of Utah, Inc. to White Oak Mining & Construction Co.. In order to reduce future efforts required to update and maintain White Oak's Mining Permit, this submittal is being made as an addendum to the PAP package (most recently submitted in August of 1993). Amended Chapter 100 submitted herein, addresses legal and financial issues and has been completely revised to reflect White Oak's corporate structure and ownership information. Other portions of Chapter 100 have not changed since the August 1993 update. It is the intent that the most recent submittal of the PAP and any addendums will be kept on permanent file with the Utah Division of Oil, Gas & Mining (UDOGM) or other recipient agency. The PAP and associated addendums will henceforth be considered historic and will not be resubmitted with future operation or reclamation submittals. For ease of reference, addendums to the PAP will be named in such a way so as to indicate the year in which they were submitted.

Should you have any questions, please call.

Sincerely,

WHITE OAK MINING & CONSTRUCTION CO.
