Dear Dave:

In reference to your letter dated August 18, 1994, in which you stated Gary Hall had inspected the reclamation of the stockpiled wallboard and the project was satisfactory with the exception of the seeding.

I am happy to report the seeding on this project was completed on November 10, 1994.

If you have any questions or comments on the completion of this project please feel free to call me at 896-5406.

Sincerely,

GEORGIA-PACIFIC CORPORATION
