Subject: Deadline Extension Request for Second Review of NOI

Dear Mr. Baker,

MVS is requesting additional time for the resubmittal of the changes that have been requested by DOGM. The reason for the extension request is to allow for more time to correct the BLM property issues, obtain independent well plugging bids, and finalize and complete other remaining comments from the review. With these things considered we are requesting a due date of **July 15th 2016** for resubmission.

Thank you in advance for your consideration of this extension and for the time and help you have given us.

Thank You,

Robert Hicken
