9-28-89

Lowell,

Spoke w/ Steve Brooks of BLM today regarding the recent notice of Federal Funding approval for the Bonneville Salt Flats study by USGS. He has apparently tried to reach Dianne on a couple occasions by phone, hasn't had his calls returned.

BLM Wants to discuss possibility of entering into a Interagency Agreement w/us +/or DNR and State Lands to be a part of the project (technically + monetarily). USGS requesting minor amount of supplemental funding beyond the $315,000 allotted by GAO office. Hoping to get @ $10,000-15,000 from us (in 1991 year) +/or Dept. + State Lands which would then allow USGS to apply for "matching" ~~those~~ funds.

Steve asked that you or Dianne contact Dean Zeller (?) Director to discuss in more detail.

TX. Wayne

Dianne - Can I help on this? Please advise. LIB 10/2
