November 1, 1984

TO: File

FROM: Everett Hooper, Reclamation Soils Specialist EH

RE: Portland Cement Company of Utah, Little Mountain Mine, ACT/045/005, Tooele County

On October 31, 1984, Tom Munson, Steve Cox and Everett Hooper from the Division met with Mr. W. V. Bluck of Ch2M Hill to discuss issues that need to be addressed before the Portland Cement Company of Utah's Little Mountain operation can be permitted.

The areas of concern were hydrology, vegetation and soils. Mr. Bluck indicated that a response to the Division's question would be prepared and meeting with the Division staff members held beofre the work was formally presented.
