RE: White Oak Transfer and Designation of Operator, Belina/White Oak Complex, ACT/007/001-DO94A, Folders #2 & #5, Carbon County, Utah

On May 27, 1994 permit ACT/007/001 was transferred from Valley Camp of Utah to White Oak Mining and Construction Company, Inc. As a result of the transfer, both the permittee and operator are now White Oak. This clears up the situation regarding the designation of operator at the Belina Mine for which Division Order 94A was written. The amendment submitted on February 7, 1994, showing Valley Camp as Permittee and White Oak as Operator no longer applies and should be dropped from further consideration. Division Order 94A is considered satisfied.
