Re: Replacement Bond for Valley Camp of Utah, White Oak Mining and Construction Company, Belina Mine, Permit ACT/007/001, Folder #4, Carbon County, Utah

Dear Mr. Hagen:

White Oak Mining and Construction Company has applied for a permit transfer of the Belina Mine from Valley Camp of Utah. Their application has been determined to be complete and accurate and the remaining item that needs to be accomplished in order for the permit to be transferred is the submission of an adequate replacement bond. Enclosed is a proposed Reclamation Agreement and accompanying replacement bond for the Belina Mine Complex. It is in the amount and form required by the Division.

Please review the proposed replacement as to form and provide a notification of its acceptability to OSM. If it is deemed adequate the Division will accept the White Oak bond and release the Valley Camp of Utah Bond simultaneously. Thank you for your help. Please call if you have any questions or concerns.

Sincerely,

A large, stylized handwritten signature in black ink, appearing to read 'Lowell P. Braxton'.
