Hi Paul,

i talked to Leslie yesterday and it looks like we are going to need an extension on our permit. The guy we had assigned to this has recently quit leaving us with not much experience in this area. also the owner Ray would like to know what needs to be done if we have no plans on mining this area in the next few years?

Thanks,

-Rylee Worthen

Paul -

Their site is well maintained and they follow their existing plan. Dennis Williams has called me this morning and we have a meeting on Monday. Their actual mine site is well maintained and has no erosional problems, no trash or any other issues. I recommend granting them a 3 month extension.

thx-lah

Based on a recommendation from Leslie (site well maintained, in compliance), the Division gives a three-month extension from today, until June 14, 2016, to submit the calculations. I will print this message for the file and update our database.
