Wayne,

I talked to Alisa Burr at Wells Fargo. She has told me that the CD. She did for Clifton Mining is correct and the way that we want it done is wrong. She said that the legal department says that they won't do it the way we want it done. So I told her I have you call her she won't do anything for me.

Would you please prepare the final draft CD cover letter so we can send to Mollers + bank to sign. They signed the draft (see attached) for some reason. I'll call Mardane today to check status of other letter they promised. TX. Wayne
