To the State of Utah
Minerals Regulatory Program

RECEIVED
JUL 2 0 1988
DIV. OF OIL, GAS & MINING

I am writing this letter in response to the talk that I had with Joelle Burns on the phone.
We talked about making my mine a small mining permit rather than the large mining operation.
Where my permit is for 4 acres I would like to have it changed to the small mining permit, where the $100.00 fee is not quite as bad of a blow, and where there is only about 2 acres disturbed at the mine site
If there is more I need to do let me know. Sincerely

Terry Prestwood
